**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Honestly, this is low. You can't just have 3 main competitors in the internet business, AT&T, Verizon, and Comcast. This is why South Korea has superior internet speeds and providers, because of competition. If you have more providers competing with each other there is a chance for more reliable internet and not forced to sign up with only 3 providers. Given the current state of the FCC, they won't listen and just side with the top corporates.
